Roger W. Babson
Reports on
Khrushchev

Babson Park, Mass., Feb. 4. I thought that a previous column of mine had covered all the facts gathered on my trip to Moscow, but here are a few more things worthy of thought.

AMERICA'S GOD

My recent release on "Khrushchev and Christianity" has caused readers to ask me just what Mr. K thinks is America's "God." I must reply: "The Automobile." Although the first automobile was built only during my lifetime, yet America today has more money invested in autos than in all the churches, hospitals, schoolhouses, and homes of mercy built since Columbus discovered America in 1492.

It has been said that 90% of the women of America spend more on lipstick than they contribute to their church. Furthermore, I am told by cosmetics experts that lipsticks are but one of the offshoots of the automobile. Even John D. Rockefeller, Sr. told me personally that automobiles built the magnificent Rockefeller fortune; that when he was at his prime, he considered selling only kerosene.

AMERICA'S MISSIONARIES

When I was a boy, my mother was much interested in foreign missions. I even helped pack barrels of old clothes for the missionaries, who were then our real ambassadors. Now the ladies of most churches get together once a month to talk foreign missions -- and collect perhaps \$300 for the cause; yet the value of their automobiles and furs represent \$500,000! The whole setup seems cockeyed to Mr. K.

Our real missionaries today are the heads of the U.S. Embassies all over the world (let me say that all were very helpful to me during my recent trip to Berlin, Warsaw, and Moscow.) But most of them were selected for their very important positions because they contributed large sums of money to the political party which won the last national election -- whether or not they can speak the language of the country to which they are assigned. Mr. K feels this is most inefficient.

HOW KHRUSHCHEV SELECTS TEACHERS

When Mr. K wants teachers, he pays what is necessary to get the very best. I have been told that top professors get about \$40,000 per year in terms of our dollars -- and prestige. They are the leading men in every large Russian city. They live in the best suburbs, have the best tables at restaurants and private boxes at the opera. Their children are looked up to as are those of our richest families. Yet some of our universities pay more for a football coach than for the head of the Physics Department.

While in Moscow getting facts on education, I was asked what is meant by our term "eggheads." When I tried to explain that this is what our scientists and other men of learning are called, I was not believed. I was then asked if it is true that any American manufacturer will get a better reception at Congressional hearings than University Presidents; and if we allow an average of 30 students to a classroom while Mr. K insists that 17 must be the maximum.

CAN DEMOCRACY COMPETE?

I believe democracy is the ultimate form of government. History shows that no dictatorship has very long existed. But I am far from certain whether our present form of democracy can survive. There will inevitably be more rapid basic changes due to the constant leveling down of those who now have property and the building up of those who have not. The masses are on the move and will continue to be. However, the desires of our people must change from glorification of wealth and so-called "success" to love for unselfish service and trained efficiency.

Mr. K's apparent objective is to eliminate private property, but he is not alone. Six means to this end are now being employed in six different countries: (1) By confiscation in Russia; (2) by nationalization in England; (3) by taxation in East Germany; (4) by public executions in China; (5) by unwarranted price and wage legislation in Cuba; and (6) by labor-union demands and inflation as in the U.S.

"hello, mummy"

"Those two words 'Hello, Mummy,' from my four-year old son nearly made me cry," says one of our customers.

"He had gone to spend the weekend at his grandmother's home in upstate New York. On Sunday morning my phone rang and I heard his little voice say, 'Hello, Mummy.' I nearly wept I missed him so. You see it was the first time I'd ever heard Robby on the phone. He just wanted to say hello,

but I'll always remember the sound of his voice."

Whenever your telephone rings, it could be someone with vital news to tell — just a friend who wants to chat — or a call like Robby's, so personal and tender that it will live in your heart forever.

NEWS VIEWS

Rumor Squelched

Rumors were flying last week that Selectman Tom Rawson might not seek re-election.

However, the rumor mongers missed the boat this time.

Rawson filed papers this week and stated that he has no intention of withdrawing from the selectman's contest.

When contacted by this reporter Rawson emphatically denied any version of "a not running" story circulated last week.

Question of the week - Why didn't Bob Wilton file papers for the assessors post?

Of the five candidates who did file papers in the Assessor's race, Byrne and Walsh loom as the strongest at this point.

Some residents continue to complain about plowing or lack of it, particularly in the Heights area.

These same residents would probably be the first to complain at any increase in tax rate caused by funds used for snow removal.

It is our opinion that town officials have done a good job in handling snow removal problems in the town.

She has served under Six Park Dept. Commissioners and two Supervisors and has watched the development of Pee Wee Hockey, Arts and Crafts, Dancing classes, and Little League.

Franklin Hurd
Cites Experience

Former Selectman Franklin W. Hurd yesterday announced he would campaign for re-election to the office he held for six years.

As a candidate to the Board of Selectmen, Hurd told the "NEW" "NEWS" yesterday: "Permit me to acquaint you with my background and qualifications for this office. A life-long resident of Arlington, I am a member of a family which settled here eighty-three years ago. I am forty-nine years of age, married, and the father of two children."

"Listed below is a segment of my record while a Selectman and Park Commissioner:-

Improved Public Transportation, Continued Efforts to Alleviate Flood Conditions in East Arlington, Vigorously opposed to Route 3 Separating Arlington, Removal of Street Car Tracks on Massachusetts Avenue, Largest Street Construction Program in the Town's History, and Improvements to all Parks and Playgrounds."

"My experience extends over a period of nine years as follows:- From 1950 to 1953 Member of and Chairman of the elected Board of Park Commissioners,

1953 to 1959 Member and Chairman of the Board of Selectmen, 1953 through 1959 Member and Chairman of the Board of Public Works,

1953 to 1959 member and Chairman of the Board of Public Survey, 1953 to date Member of Middlesex County Selectmen's Association, and

From 1954 to date Member of the Executive Board of Middlesex County Selectmen's Association."

WHEN A CRISIS COMES

- ... and you need a prescription filled at midnight
- ... or your plumbing starts leaking
- ... or your car won't start
- ... or you run out of clean shirts
- ... or when the cupboard or the baby is bare

DO YOU saddle up and take a day off to get the matter taken care of in the City, or do you write to a catalog house for help?

OF COURSE NOT. Likely you hardly recognize these and similar predicaments as crises.

Because YOU'VE GOT NEIGHBORS, right here at home ... with their skill and their money invested in establishments able to take most of your troubles on their own shoulders so quickly

that you scarcely notice they are difficulties at all.

But HOW MANY skilled craftsmen, and good business men, and good neighbors, and good workers in civic and church affairs, and good taxpayers ... how many of these have cut down their stocks, laid off employees, or left the country ... because all you were buying from them was the things you couldn't wait to get somewhere else ... and how many will leave in the future to go where your money is going?

Make your dollars build your community...not somebody else's
